

THAYER SCALE

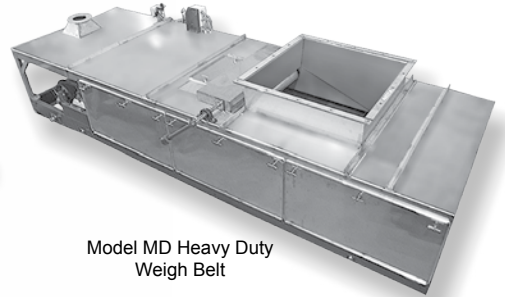

CONTINUOUS WEIGHING & FEEDING OF BULK MATERIALS

Model MWF-OS open construction Weigh Belt

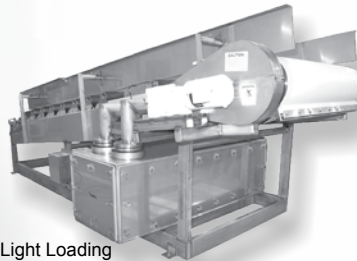

Model MWF-OS enclosed construction Weigh Belt

Model MD Heavy Duty Weigh Belt

- Loss-In-Weight Feeders
- Weigh Belt Feeders
- Conveyor Belt Scales
- Volumetric Feeders
- Liquid Feeders
- Bin Discharge Aids
- Process Instrumentation
- Batch and Continuous Processes

Model M-LD Light Loading Weigh Belt

Model PF-LC-S High Capacity Loss-In-Weight Feeder

- Fruits
- Grains
- Vegetables
- Seafood
- Poultry
- Snack Food
- Dairy
- Pasta
- Confectionery
- Cereal

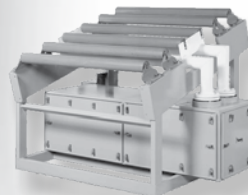

Model PFM-18-S Medium Capacity Loss-In-Weight Feeder

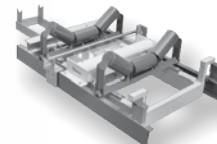

Model LWF-15-P Liquid Loss-In-Weight Batch Feeder

Model LWF-LC-S Tote Loss-In-Weight Batch Feeder

Model PF Light Loading Conveyor Belt Scale

Model 2RF-6ALA Light Loading Conveyor Belt Scale

DURABLE, DEPENDABLE and ACCURATE

For over 65 years, Thayer Scale has devoted all of its resources to the design, application, and servicing of process weighing equipment. As a result, we have gained an unmatched level of expertise in the field of continuous and batch weighing and feeding of liquid and dry particulate materials of all types and classifications. In fact, we build the most accurate, long-lasting, rugged and serviceable Loss-In-Weight feeders, Weigh Belt feeders, and Conveyor Belt Scales available anywhere in the world.

Made in USA
